Wedding Recommendations & Information

Toast Master

Our resident Toastmaster or Duty Manager will meet the Bride and Groom on arrival. Following the drinks Reception our resident Toastmaster or Duty Manager will invite guests to take their seats in the Banqueting room. The Bride and Groom will then be announced into the room. Following the meal our resident Toastmaster or Duty Manager will announce the cutting of the cake by the Bride and Groom, after which the first speaker will be announced. This is usually the Bride's father. After his speech the Bride's father will introduce the Groom, who will then in turn introduce the Best Man.

If you would like a Toastmaster to be in full attendance exclusively for you throughout the whole reception we will be happy to provide a quote.

Ceremony Music

If you are holding your Wedding Ceremony here we will be happy to provide the equipment for your background music, but would recommend that either your ushers or your Best Man attend to the playing of it, as you may want specific pieces of music played at different times during your ceremony.

Chair Covers, Room Decorations etc.

We find that many Weddings nowadays like to have the chairs covered with something in keeping with the colour scheme and style they have chosen for their Wedding or to decorate the room with ribbons or lights etc. We will be happy to obtain a quote for you, or put you in touch with a company that provides these services. Please ensure that the company you use are able to remove their items at the end of the evening. If your chair covers, table decorations, room decorations etc are not dismantled or removed at the end of your function a charge will be made if our staff have to do it, as they will need to prepare the room for the next day (please see terms & conditions).

Discos & Bands

We recommend that you use one of our resident DJ's. They have many years experience in playing at Weddings. They all carry a wide repertoire of music to cater for all tastes and age groups. They will be happy to receive a play list from you, or discuss any special requests that you might have. The charge for using one of our DJ's is £350 and they are happy to play until 2 a.m. for this. If you wish to provide your own DJ services they will need to provide a PAT Test certificate for their equipment and the necessary Public Liability Insurance certificate.

If you would like any form of Live music we will be pleased to make a recommendation based on your requirements. Any performers will also need a PAT Test certificate for their equipment and the necessary Public Liability Insurance certificate.

Access is from 10.15 a.m. Please ensure they have set up and sound tested prior to your arrival.

Sampling Dishes

Customers wishing to sample dishes from the Function menus please bear in mind that sampling will not be possible for some of the dishes as the ingredients are purchased, and the dishes cooked, especially for your function. They are not always otherwise available. If you wish to sample anything please check the availability with the Manager.

Wedding Co-ordinators

In the event that customers have employed the services of outside Wedding Co-ordinators we wish to inform you that they cannot play an active part on the premises on the day of the Function. The organisation here on the day of the Function is of course our job.
